The Collagen Lift is BACK!

Fall is here and a perfect time to give your skin a nourishing boost after the summer heat and travel. With that said I am excited to announce the return of the collagen micro current lifting facial! This facial returns every fall just in time for the stressful back to school and holiday schedule. The collagen lift has always been a client and personal favorite, with it's instant and noticeable results. Freeze dried collagen, vitamin C and micro currents work to lift, hydrate and repair the skin, with amazing results.

Lash News

I am so excited for the arrival of mink lashes. These are softer more natural looking lashes that come in dark brown, black, purple, green and blue. These can be applied alone for a unique look or lightly mingled in with the black to give your eyes a little pop of color.

Schedule Note

I will be out of town from 9/18-9/23 for some in depth training with Phytomer USA. Appointments are available the previous Saturday 9/17 and the following Saturday 9/24.

September Specials!

- **FREE 30 minute teen facial with any [Teen Clean kit](#). (\$45 value) The perfect back to school gift!**

Product Highlight

[Retinol plus](#)
This Isn't an Ordinary Retinol Product
It's an Extraordinary New Concept in Retinol Technology

Age Intervention Retinol PLUS provides unparalleled skin rejuvenation benefits. The most aggressive levels of stabilized all-trans-retinol are synergistically combined with advanced topical agents to maximize efficacy while simultaneously decreasing or even eliminating acclimation/irritation concerns.

Age Intervention Retinol PLUS is significantly more than a retinol product. Especially formulated to utilize the maximum amount of all-trans-retinol PLUS anti-aging and collagen boosting peptides, antioxidants, hydrators and skin soothing ingredients. Retinol PLUS truly separates itself from the pack.
