October Update.

Featured Facial

Pumpkin Delight Facial... A yummy pumpkin pie dream infuses the skin with Vitamin A and Beta Carotene for a superior antioxidant boost. Dissolves, softens, and exfoliates dead skin cells. Improves texture, photoaging and uneven skin tone. This is a great freshen up to boost your skin into the fall. This is my favorite facial if you are looking for a yummy, pre event boost or a quiet hour to relax.

Lash Update

[Candied lashes](#) are back! Add sparkle, glimmer, or a mysterious shimmer to your fabulous lashes with NovaLash's exclusive Candied Lashes. Add 3 to 6 of the delicious, hand-dipped, freeze dried, and crystallized lashes to create looks ranging from fun and glimmering to an unidentifiably mysterious shimmer. Perfect for the holidays.

Schedule Note

I will be out of town from **5 October to 18 October**. I will be back in the studio on 19 October. I have a few appointments left for the rest of this week and Tuesday October 4.

October Specials

- Receive a Warm Geranium Hand treatment when you book a Pumpkin Delight Facial.
- Like DPSC on Facebook and Twitter for more specials and giveaways!
- Receive a Phytomer Travel Rosee Visage with every Resurfacing Peeling Duo

Product Highlight

[Resurfacing Peeling Duo](#)

Micro-exfoliating Cream + Restoring Cream - 2 x 30 ml by PHYTOMER

A professional product you do yourself in your home to reveal "new skin" in just 3 weeks: fine lines and rough patches are smoothed; skin texture is refined leaving an even, radiant complexion. Suitable for all ages and skin types, to improve the appearance of skin that has been marked by time, over-exposure to the sun or dehydration ... a GREAT way to keep your in-studio treatment looking fresh for weeks.

Main ingredients: In the Micro-exfoliating Cream: 5 types of exfoliant, including "marine AHAs" which are derived from algae. In the Restoring Cream: Marine Oligosaccharides to stimulate cell renewal.
