

Single-Strand Eyelash Extensions
Agreement and Consent Form

Full Name: _____

Telephone: _____

E-mail: _____

Referred by: _____

I understand that this procedure requires single synthetic eyelashes to be glued to my own natural eyelashes. I understand that it is my responsibility to keep my eyes closed and be still during the entire procedure, until my eyelash technician addresses me to open my eyes. I understand that some risks of this procedure may be but not limited to eye redness and irritation. The fumes from the adhesive may cause my eyes to water if I open my eyes.

I agree to disclose any allergies that I may have to latex, surgical tapes, cyanoacrylate, Vaseline, etc. I understand that I am required to follow the single-strand eyelash extension care sheet in order to maintain the life of these extensions.

I agree that by reading and signing this consent form, I release Doran Poma and The Parlor from any claims or damages of any nature. I agree that I read and fully understand this entire consent form. I am of sound mind and fully capable of executing this waiver for myself.

I give Doran Poma and The Parlor permission to show my before and after pictures of eyelashes to other potential clients. Signature if: Yes _____ No _____

The undersigned confirms receiving, reading and reviewing with the technician the attached Consent Form which forms part of this agreement. I confirm and agree that I wish to engage the services of Doran Poma and The Parlor to apply Single-strand eyelash extensions as follows:

Eyelash extensions are not for everyone. This is a high-maintenance beauty treatment that requires gentle care for the lashes to remain in good condition and be long-lasting. Once the lashes are attached, you must not rub or pull on them. You must not wear any mascara other than that provided by your lash technician. You must not use lash curlers. Please read and understand all the information listed below and sign the form prior to having this service done. _____ initial

What are eyelash extensions?

Eyelash extensions are individual synthetic eyelashes. They are attached one-by-one to each individual natural eyelash--- not to the skin. This service is beauty enhancing and eliminates the need to wear mascara. It is a meticulous service which requires the skill and precision of a certified lash technician. Once the eyelash extensions are applied, they are natural looking. Size availability ranges from short to long which will be decided and agreed upon with your certified eyelash technician. _____ initial

How long will my single-strand eyelash extensions last if I follow the proper care instructions?

In some cases, eyelash extensions can last up to 8 weeks. However, it is common to get a touch up after 2-4 weeks. Like all hair, there are 3 phases to the eyelash growth cycle. There are some lashes in each phase at all times, therefore, some will be lost within a couple of weeks and others much longer as part of the natural cycle. _____ initial

How much do they cost?

The cost for eyelash applications starts at \$200 per full set and goes up depending on the desired look. Removal of the lashes cost \$20.00 for each 20 minutes of work, or fraction thereof. Please do not attempt to remove any lashes on your own. We recommend that you seek professional assistance from your eyelash technician. We will not be held liable for any damage that you may cause by trying to remove your eyelash extensions on your own. _____ initial

Do lash extensions damage my natural eyelashes?

No. Each lash extension is adhered to one single natural lash, which will grow out naturally as your own lash matures. The eyelash adhesive is formulated to create a solid bond, specifically for human lashes. The adhesive dries very soft on the lashes, allowing the lashes to stay flexible and bouncy just like your own lashes. _____ initial

What you should do before your eyelash extension appointment?

Remove all eye makeup and clean your lashes with mild oil-free cleanser. Do not use oil-based makeup remover to clean your lashes prior to the application. Do not put on any mascara prior to your appointment. Please do not wear contact lenses to your appointment. Plan to set aside approximately 2 to 2.5 hours for your appointment.

_____initial

Please review and follow these recommendations to care for your lashes.

For the first 48 hours, please:

1. Do not allow the lashes to get wet.
2. avoid steam- so no spas, saunas or cooking in a steamy kitchen, Steam will affect the glue stopping it from bonding properly.
3. do not swim
4. do not rub, perm, or tint lashes before or after lash extension application
5. do not rub your eyes or lashes when washing your face--clean around the eyes with a wash cloth, cotton pads or eye pads provided in your home care kit (\$45)
6. do not pull your lash extensions--as you're likely to poll out your natural lash with it
7. do not use mascara on your lashes other than the one provided in your home care kit
8. do not try to remove the extensions on your own
9. do not cut your extensions--you risk cutting your natural lashes
10. brush lashes morning and night with brush provided. _____ initial

What happens if a lash should loosen or become dislodged?

Do not pull on the lash. Please contact your technician to make an appointment to have them removed or replaced, in order to avoid damage to your natural lash. As your natural lashes fall out due to the growth cycle, you will need refills when your new lashes grow in. At first, you may find that you need a refill every 2 to 3 weeks. As you become accustomed to the extensions and with a little practice in maintaining the lashes, the time between refills may be extended to 3 weeks. _____initials
